Bristol, United Kingdom

A skilled developer with over a decade of experience, consistently delivering high-quality work and fostering strong relationships with all stakeholders. I excel at breaking down complex problems and developing simple solutions, collaborating with colleagues from all disciplines to find the best solution possible. I prioritise refactoring and reusing existing code patterns wherever possible to maintain compliance within established codebases and champion existing team practice.

Skills summary:
Semantic accessible HTML, WCAG 2.1/2.2, TypeScript, client js, Node (Express/Koa), frontend frameworks (Next Js, Nuxt Js, React, Vue), Storybook, Vite/AVA/Jest and Cypress E2E testing, WordPress theming and plugin development, Drupal theming experience (SDC).

Experience.

Company	Role	Employment duration
Team Tech 4 / Shine	Web Developer	April 2025 - September

Summary
- Worked on a number of bugs and features for the Shine website frontend (Remix/Vue) and backend (Pug/Express/Mongodb), using TDD to implement these changes (Cypress E2E).
- Participated in many discussions aiding in finding alternative solutions to requirements, culling potential significant development time sinks.

Company	Role	Employment duration
Nomensa/**GAIN**	Senior Frontend Developer	6th April 2020 - April 2025

Summary
- Made significant contributions on projects for the NHS East of England Ambulance Service, Ramblers, One Advanced, Development Bank of Wales and Tredz.
- I was proactive in mentoring junior team members, providing support and guidance.
- Proactive in sharing knowledge on relevant technology with the wider team.
